

SPOUT SPRING.

Mr. and Mrs. W. J. Barnett visited relatives in Clay City Tuesday and Wednesday.

J. H. Dawson has bought a bunch of nice hogs from various parties at six cents per pound.

Mrs. Berry Barnett is confined to her room with a severe attack of fever with no noted improvement.

Mr. and Mrs. Allen Orsborne, of near Winchester, visited relatives at this place a few days last week.

Berry Barnett has bought a boundary of timber from his brother, W. J. Barnett, for \$1,000.00 and has begun to work out the same.

Mr. Henry Clay Lilly, of Clark county, and Mrs. Belle Stephens, of near here, were married in Winchester, Wednesday, August 1st. This is the second marriage for both parties.

Charles B. Barnett, formerly of this place but now of Bloomington, Illinois, is suffering severely from a cancer of the stomach, which is very unwellcome news to his many friends in his old Kentucky home.

Captain George M. Jackson, of Wickliffe, Ballard county, was here Wednesday. Mr. Jackson, formerly of Estill county, is now a believer in Socialist's doctrine and is touring the Eastern part of the State in the new party's interest.

The many friends here of Dr. C. H. Williams, formerly of this place, but now located at Prestonsburg, will be glad to learn that he has just received a large sum of money that was lost by him some time ago in business transactions.

Dr. Williams is a fine physician, a good man and has the best wishes of a large circle of friends here where he successfully practiced medicine for some time.

Bold Robbery.

A woman headed a gang of burglars and, provided with an immense truck, carried away the most valuable part of a New York stock of goods, in the presence of hundreds of people who thought the store was simply moving. It all took place under the glare of the electric lights and the store was brilliantly lighted up by the burglars.

Good luck is like a faultless wife some one else always happens to have it.

Beware of Ointments For Catarrh That Contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c. per bottle.

Don't Like the Jail Sentence.

From Cleveland, Ohio comes the information that fines, and not imprisonment, will be asked by the government against the oil trust for violating the laws. It would be bad to put Rockefeller in jail. Let a poor man violate the laws of Uncle Sam and see what becomes of him. Such fellows as the Standard oil magnates should never be fined—only keeping them in jail has any terror for them. To fine them is simply to fine the people, for they will add the costs of the fines to the price of the goods and make the people pay it.

Aid for the Trusts.

A judge of the Wisconsin Supreme Court wrote letters to some of the insurance companies telling them how they could evade the anti-rebate law. How can the people expect to get any relief from the extortions of the trusts when we have such a set of men who directly or indirectly, on technicalities, set aside nearly every law regulating the nefarious actions of these greedy fellows, and when they can't annul the law, advise them as to how to evade the laws unfavorable to their interests.

Constitutional Amendment.

Every year there is some constitutional amendment to be voted upon, and none of more importance was ever presented to the voters of the State than the one to be considered this fall bearing on qualification for suffrage. Following is the proposition to be voted upon:

"Section 4. Persons who have not, at least sixty days before the election at which they offer to vote, paid in full state, county, municipal, district and school taxes due by them for the year previous to the one in which they offer to vote, are not hereafter to be allowed to vote."

Some Texas Corn.

Kansas had better look well to her laurels. The old tales of the tall corn, big ears and large yields in the Sunflower State fade into insignificance when compared to the reports from some of the fields here. One of the least tales is that told by D. A. Abernathy. He says one of his neighbors has a field of corn that has grown so tall and rank that the sun can not penetrate it and the lightning bugs keep fighting continually, never knowing when day comes. The ears fallen down on the ground the coons have robbed of the grain, then pulled the soft pith from the center of the cob and made a hiding place in the cob, feeling as secure as if they were in a hollow log.—Miami Texas Chief.

Some of our farmers are turning their thoughts to the raising of alfalfa and the Bourbon News has the following concerning a field of the plant raised by A. S. Thompson:

"He brought to town Saturday a sample of Alfalfa, having raised eight acres of it and just finished cutting his second crop, the first having been cut June 1st. Another cutting will be made about September 15th. From the three crops Mr. Thompson estimates that he will secure thirty tons of choice hay. As a substitute for red clover he says alfalfa is much superior, producing three times as much per acre, and has all the desirable qualities as a hay product. Stock of all kinds are fond of it, and in the Spring of the year sheep will leave red clover to feed on alfalfa. Mr. Thompson says there is no better fertilizer, as the young plants are deep rooted, and that it is only a question of time when its general cultivation will be taken up by the farmers of Bourbon county."

Dr. Bertram Smith, the "Old Reliable" Powell County Dentist, will be at his Clay City office August 1st and remain one month.

Why patronize beginners when you can get the service of a Dentist of nearly 16 years experience. Clay City has another case of 16 to 1, and Bryan says 16 to 1 is not the issue this year. A word to the wise is sufficient.

OUR BIG CLUBBING OFFER.

By special arrangement with the Southern Agriculturist, the popular semi-monthly farm paper of Nashville, Tenn., we are able to give our readers the advantage of a clubbing offer which we believe is the most liberal ever made by any newspaper in the South.

In the first place, we will send the TIMES and Southern Agriculturist a whole year to any new or old subscriber who pays us 60c.

This great semi-monthly farm paper goes twice every month into 50,000 southern homes, and the regular price is 50 cents a year. It is edited by southern men and women to suit southern conditions, and is just what our farmers need. It answers free of charge any question a subscriber may ask, and its advice is given in a plain, practical way which any farmer can understand. All departments of farm life are covered, including delightful home and children's pages. Sample copies at this office.

BEAUTIFY YOUR HOME WITH Kinloch PAINT

READY TO MIX, NOT READY MIXED

Important Memorandum—The painter is the most important factor in painting. A job completed by a good painter with the best quality of paint, costing only \$50.00, will last for years. The same paint applied by a dabbler (\$100.00 value), \$25.00 paint will last only one year. Thus the "pay-for-cost" of the good painter's job is \$15.00—the poor painter's \$50.00.

A small investment in paint adds greatly to the value and beauty of your property and makes you a "good neighbor" by making a good neighborhood. Good painting is one of the best investments and pays big returns in improved values. It's a saving, not an expense. But when you paint—buy only

Kinloch HOUSE PAINT

There's one indisputable reason why, a reason every honest painter will acknowledge—"The Oil is the Life of Paint," and the sure way to get good oil is to buy it fresh and pure from the dealer's barrel, not from the ready-mixed paint can. The paint that is ready to mix with linseed oil, gallon for gallon, is KINLOCH PAINT, and we recommend its use for every good reason we know.

Mr. Orsborne, of Lexington, a salesman for a large shoe manufacturer, was here yesterday looking after a new location. He was well pleased with Clay City and her business outlook.

A deputy Sheriff from Lee county was in the city yesterday summoning fifty veniremen to go to Beattyville to select a jury from to try the cases of B. F. French, John Abney and John Smith charged with complicity in the assassination of James B. Marcum.

Better be looking after that dog if you don't want to pay a dollars tax on him. September 1st is the date of assessment, no good to dispose of him after that date. We expect at that time to see a number of stray dogs, as but few dogs are worth a dollar to their owner.

Big Bank Failure.

The Milwaukee Avenue State Bank, of Chicago, was Monday closed by a State bank examiner. There is a deficit of about \$1,000,000 in the bank's accounts and the president and cashier are missing. The depositors are mostly foreigners and the announcement of the failure caused riotous scenes around the bank's doors. One depositor fell dead on hearing of the failure and another committed suicide.

Success is beating the other fellows doing things.
